

Puncher HP2

Puncher HP2

- 2 hole puncher
- adjustable distance between slots and paper's edges
- snap fastened board with standard paper sizes from B6 to A3
- movable snap fastened board to allow precise setting of the spot to be punched
- easy-to-reach shred tray
- punches two holes in up to 300 sheets at a time (up to 32 mm of total thickness)
- only for punching plain paper up to 80g, such as photocopy paper (punching thicker paper may damage the puncher)
