

Stiff gloss antistatic laminating pouch

Stiff gloss antistatic laminating pouch

Packaging 100 pieces

The most popular stiff gloss pouches protect laminated documents from damaging as well as allow the preparation of attractive presentations.

Laminating pouches consist of two sheets, sealed on one side. On the package you may notice such an exemplary symbol: '2 x 100 mic'. It means, that each of the sheets of the pouch has a thickness of 100 mic.

The proper choice of laminating pouches to the size of the document will assure a perfect lamination, will prevent folding of the pouch and destruction of the document.
