# ERASABLE PEN MARVELO

## ■ Erasable pen Heykka Marvelo

Erasable pen with blue ink and 0,7 mm writing thickness. Unlike ordinary pens, Marvelo leaves paper structure intact and makes correction invisible. Thanks to its quick-drying ink, Marvelo is a great pen for the left-handed.

- writing length 250 m
- eraser made by TPR material, without harmful phthalate
- recyclable pen's barrel

Erasable pen Marvelo, display 36 pcs, 612161

Eraser for erasing the texts is in two places: on the pen lid and on the pen itself.

When you want to correct the mistake, use the silicone eraser at the end of the pen - rub it thoroughly in the place of the mistake. Under the high temperature the ink disappears leaving the clean place for writing down the correct form.

1. Write

2. Erase

3. Correct as many times as you need.

# FOLDABLE CERTIFICATES

## ■ Foldable certificates

The foldable certificates stand out with their attractively cut out shape and graphic design. Thanks to the printed content, after choosing one of the two available in each pattern version, all you need to do is to write down the school and the personal data of the child who starts or ends learning in the school or kindergarten. The format of the certificate after folding is approximate to A4 and measures 205 x 290 mm.

Certificate 250 g/m<sup>2</sup> - 10 pieces per pack

*The universal content of the certificates permits to use them for back-to-school and end-of schools celebrations in schools and kindergartens.*

# TOOLS TO WORK WITH PAPER

Scoring 30x30 cm and 45x30 cm boards with a set of accessories are essential for people who loves creative works. A scoring board 30x22 cm and a bone folder is recommended for people who start their adventure with creative paper work.

## ■ Scoring boards

Professional tool for making cards, envelopes, gift boxes etc. Each side has a different function - one side, a so called self-regenerating mat, is used for cutting and the other side with grooves is used for scoring. Those special grooves and the special bone folder help to make a cavity in the paper, thus ensuring an equal and aesthetic fold along the line.

Code	Name	Set includes
293022	Scoring Board 30x22 cm	
293030	Scoring Board 30x30 cm - set	envelope triangle, ruler, bone folder
294530	Scoring Board 45x30 cm - set	envelope triangle, ruler, bone folder, rotary cutter

## ■ Bone folder

The bone folder permits to make a cavity in the paper, thus ensuring an equal and aesthetic fold along the line. The cavity may be made on a flat surface along the ruler, although it is recommended to use a scoring board.

Code	Name
290000	Bone folder

Before you start creating your work, always check if the decorative card paper is suitable for scoring. Due to the different production technologies some of the decorative card papers are better suited for printing, cutting or stamping. After scoring, check if the card paper can be easily folded, with no lateral bends along the line. If, despite the scoring, the fold is unaesthetic, the cavity should be deepened or two parallel scorings made one next to the other.

Making a scoring line along the line on one of the board's sides ensures nice fold of the paper.

Cutting the paper of every kind will be easier thanks to the scoring board with self-regenerating surface with cutting guides.
